

Program Implementation

The *SystemsGo* program may be successfully implemented by following this step-by-step process:

1. Become familiar with the program. Read the materials and speak with SystemsGo New Mexico staff to ask any questions you may have (contact info below).
2. Complete the application for the level of training you are interested in and submit it via email (systemsgonm@pvrec8.com) or phone (575) 748-6100).
3. SystemsGo New Mexico will obtain written confirmation from the principal of the school in which the *SystemsGo* Program will be implemented to ensure the appropriate resources, classroom, teacher, and budget will be provided to ensure program success for a minimum of two years.
4. *SystemsGo* will provide a Licensing Agreement to be completed/signed by the principal and the teacher to be trained delineating that the curriculum will be used in an appropriate manner within *SystemsGo* guidelines.
5. Upon receipt of an original copy of the Licensing Agreement, the teacher will be officially registered for *SystemsGo* training.
6. SystemsGo New Mexico will provide the principal and teacher confirmation of the status and teacher resources for training. The *Program Description* brochure will assist the school's counseling department in course sequencing.
