

No experience? No problem.

Earn while you learn at Lockheed Martin Space.

Lockheed Martin's Advanced Manufacturing Technician Apprenticeship Program (AMTAP) is a United States Department of Labor Registered Apprenticeship.

AMTAP trains candidates on the skills to build electronics and prepares them for an exciting career in space operations. During the up-front training program participants are paid and offered company benefits.

IT'S A COMMITMENT THAT PREPARES PARTICIPANTS FOR A SKILLED AND MEANINGFUL CAREER!

The curriculum includes solder certification, cable harnessing and conformal coating training. Training takes place in either Littleton, CO or Courtland, AL and is taught by Lockheed Martin Space instructors.

- 6 or 9 week paid training program (6 in AL, 9 in CO)
- Paid Training (\$12.50/hr. in AL, \$14.50/hr. in CO)
- Opportunities for full-time employment for graduating candidates
- Increase in base pay if hired full-time
- Classes are located in Colorado and Alabama

Program graduates earn a nationally recognized credential and have an opportunity for full-time employment at Lockheed Martin Space.
