

Lockheed Martin Space HIGH SCHOOL INTERNSHIP PROGRAM

Interested in taking
your stem knowledge
and passion literally to
outer space?

HIGH SCHOOL INTERNSHIP PROGRAM

The Lockheed Martin Space High School Internship program is designed to give students the opportunity to work with aerospace scientists and engineers.

Lockheed Martin Space High School Interns spend 9+ weeks over the summer working on Lockheed Martin Space projects.

These projects will allow students to work on solving and deploying process, procedures and systems that help our customers keep people safe.

Internship opportunities are available in the following areas:

- Boulder, CO
- Cape Canaveral, FL
- Colorado Springs, CO
- Herndon, VA
- Huntsville, AL
- King of Prussia, PA
- Littleton, CO
- Sunnyvale, CA
